Thank you so much for bringing this to my attention. I have attached the proper mill test and now the original packing slip is the right dimension.

If ever you need something else do not hesitate to contact us.

Have a good day.

Sorry Amanda,
But the mill test is wrong also please take a look at the dimension on the mill test it is 2" x 1" x .125 and it should be 2" x 4" x .125".
Thanks
Chantal

Good afternoon Chantal,

I have corrected the packing slip by hand for you. We use the same item code for both .120" & .125" in our system.

Hope this will help.

Thank you.

Erick,
Could you please send me the packing slip # i018598 if you look on it there is a mistake on it .120 and it should be .125.
Thanks
Chantal
